

CHC30113 Certificate III in Early Childhood Education and Care

COURSE OVERVIEW

- This qualification addresses the skills and knowledge required to provide care for individuals and groups of children, and to plan activities facilitating their leisure and play, enabling them to achieve their developmental outcomes. This qualification reflects the role of workers in a range of early childhood education settings who work within the requirements of the Education and Care Services National Regulations and the National Quality Standard.
- The course is fully accredited nationally recognised training.
- Under national education and care regulations, to work in this industry a person must be studying toward or hold this qualification at a minimum.

COURSE ENTRY REQUIREMENTS

- There are no formal entry requirements for this course, however it is expected that students have good communication skills and a genuine interest in working with children and their development. Minimum YR 10 education or equivalent.
- Be aware that working in this industry and with children will require you to obtain a National Police Check and a NSW Working with Children check prior to commencing employment. Other States and Territories outside NSW have similar guidelines and if you move around Australia, it is advisable to check with local licensing authorities.
- Be aware also that most care facilities and education centres will require that workers and educators are physically fit and emotionally capable of working in the environment. This also means that workers do not have a pre-existing medical condition or a communicable disease that may put the health and safety of the children and other staff at risk.

DURATION & STRUCTURE

The course combines distance learning, face to face classroom-based learning, workplace based practical placement and assessment and self-paced study and assessment. The program runs on a rotating calendar cycle, with students to commence study at regular intervals and take up to 12 months to complete the qualification. (Total Vol Lear:1218 Hours)

Weekly sessions 6.5 hours 40 weeks consist of 1 day face to face in a classroom-based environment learning and assessments. Self-study and research 21 hours per week 40 weeks, plus completion of written assessment activities 3 hours per week 38 weeks. Students are required to complete 120 hours of mandatory practical work placement.
